Customer

The customer is at the core of our business and therefore customer needs and customer satisfaction are continuously evaluated. All products, services and projects are clearly customer focused.

Quality

We respect our established procedures as per our Management System. We therefore assure the steady optimization of the quality of our services following the ISO 9001:2000 standard.

The continuous promotion of quality awareness to all employees is key to high quality products and services.

Improvement

The integration key indicators into all our business processes is key to measuring, evaluating and improving the efficiency of our business. It is the job of each employee to improve our standard procedures

Responsibility

All Imeth employees are responsible for the quality of their work and therefore follow the quality guidelines to achieve the best value for our customers.

Business Processes

Imeth's business processes are constantly adjusted, standardized and documented in anticipation of changing market requirements.

Subcontractor Management

Work closely with selected partners to ensure highest standards of the industry. Our partners are periodically evaluated and ensure to work according ISO 9001: 2000 standards

Training and development

Highly trained and motivated staff are the basis for every successful business. Our staff is trained in accordance with our supplier's training programs.
